

Open the Book

Since September we have been presenting Bible stories to the younger pupils of Storrington Primary school during their assembly time. We have been visiting twice a term but only once in the summer term because of SATs, Sports Days and other end of year activities.

We have told the stories of Creation, Noah, The tower of Babel and we are just ready to present Sarah and Abraham. In the Summer Term we will tell the first part of the story of Joseph.

We have had some good feed-back from these presentations. The children participate in as many ways as possible and they seem to enjoy it as much as we do.
